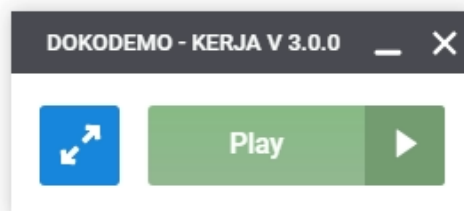

Figure 1.5.1

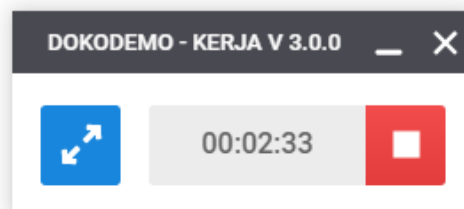

Figure 1.5.2

B. MacOS

1. Downloading Dokodemo-Kerja for MacOS

To download Dokodemo-Kerja, please access the Dokodemo-Kerja domain page provided for your company. Next, select the download option for MacOS from the Dokodemo-Kerja website. (See Figure 2.1)

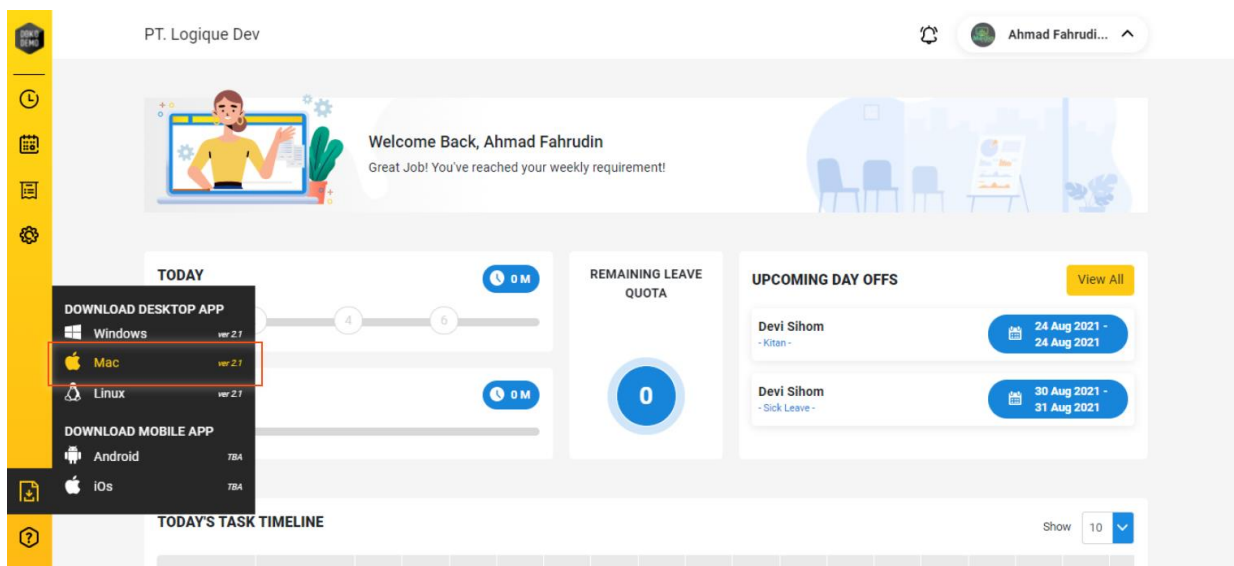

Figure 2.1

2. Extract the Downloaded File

After you have downloaded Dokodemo-kerja, extract the file. (See Figure 2.2)

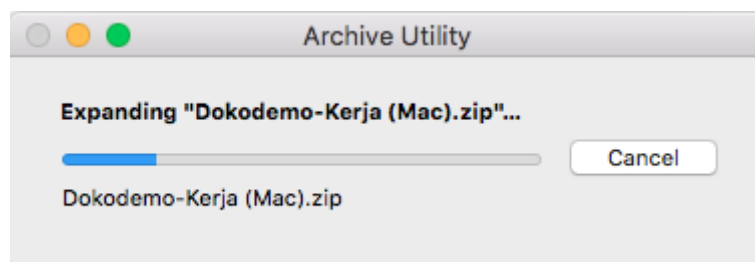

Figure 2.2

3. Security Settings (If needed)

In general, the security settings for the MacOS version does not allow users to install applications other than from the Mac App Store. Users will receive a notification like the one below if they try to install from another application. (See Figure 2.3.0)

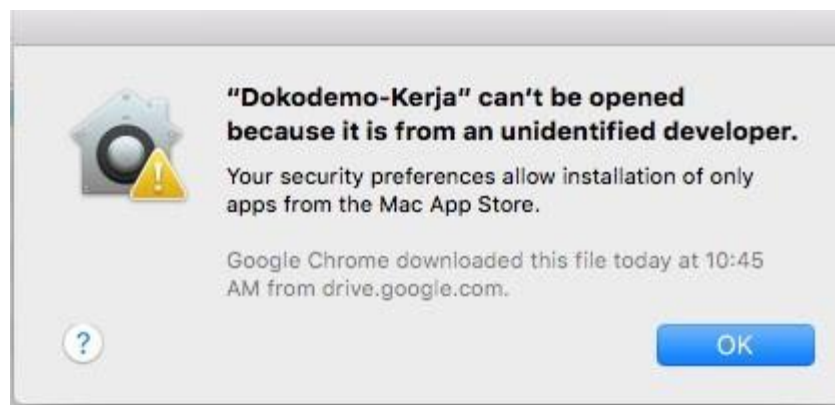

Figure 2.3.0

To install Dokodemo-Kerja on your MacOS, you need to adjust your security settings through following these steps::

- Open "System Preferences" (See Figure 2.3.1)

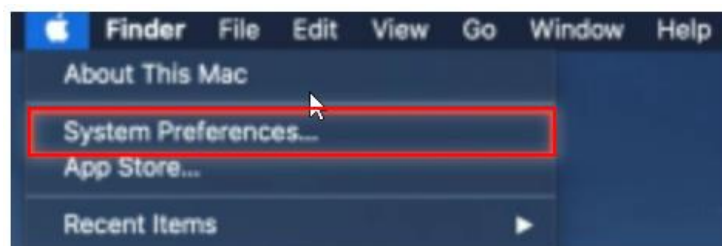

Figure 2.3.1

- Select “Security and Privacy” (See Figure 2.3.2)

Figure 2.3.2

- Click on the “General” Tab. (See Figure 2.3.3)

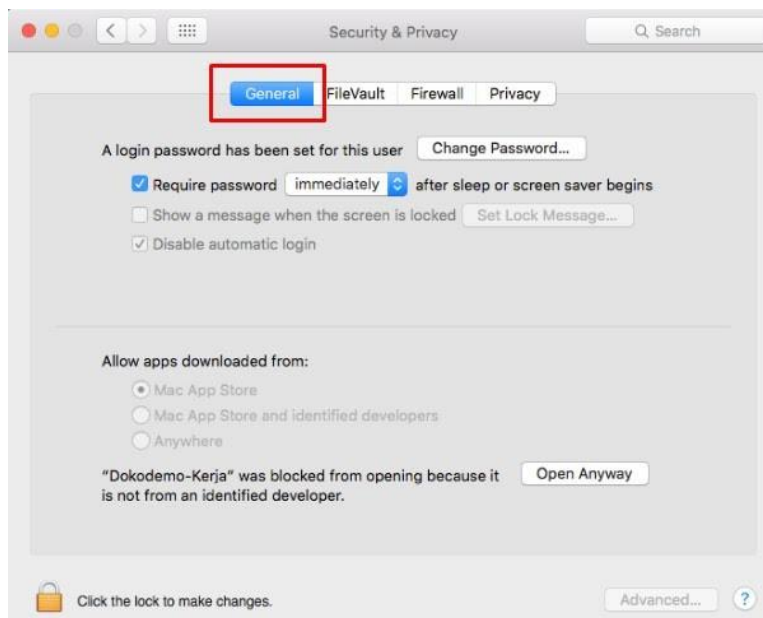

Figure 2.3.3

- If your computer is password protected, you must enter your password before proceeding with any changes. (See Figure 2.3.4)

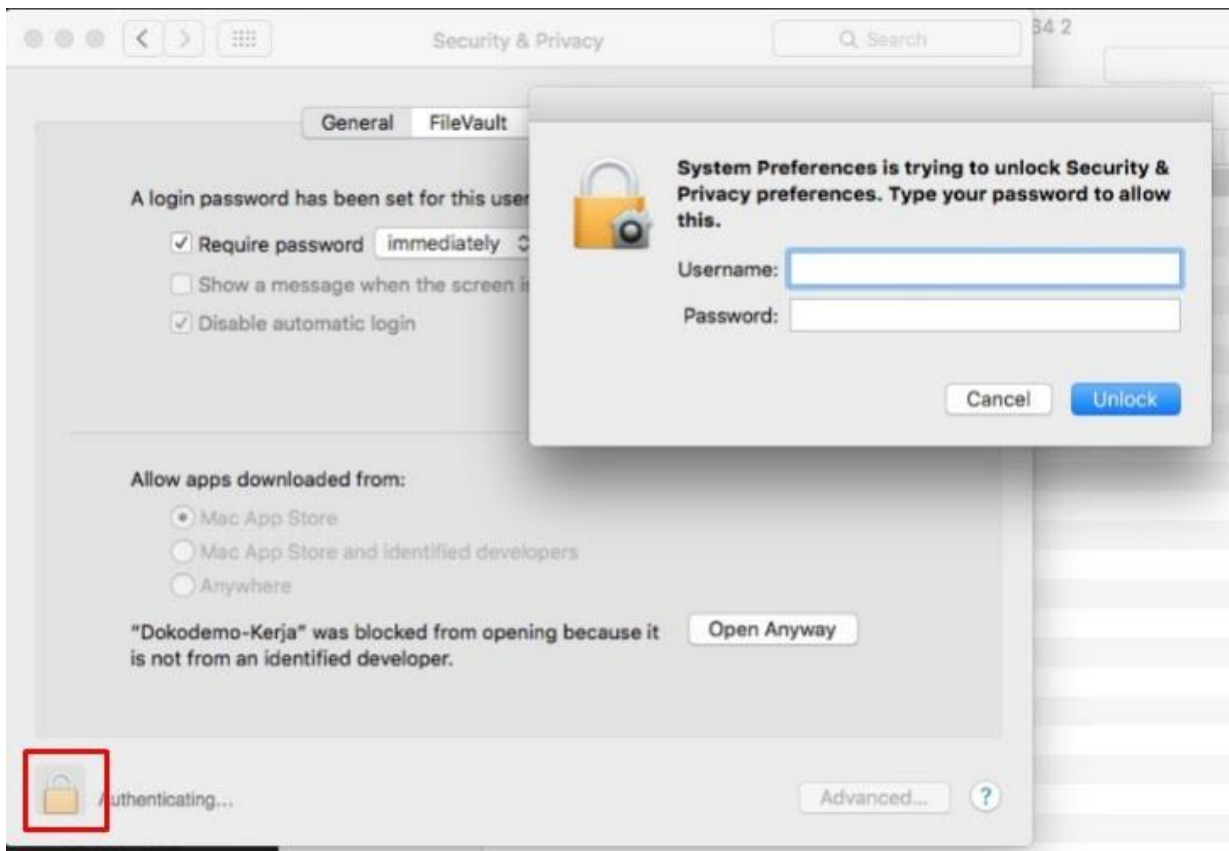

Figure 2.3.4

- Select “Anywhere” from the “Allow downloaded apps from” option section (See Figure 2.3.5)

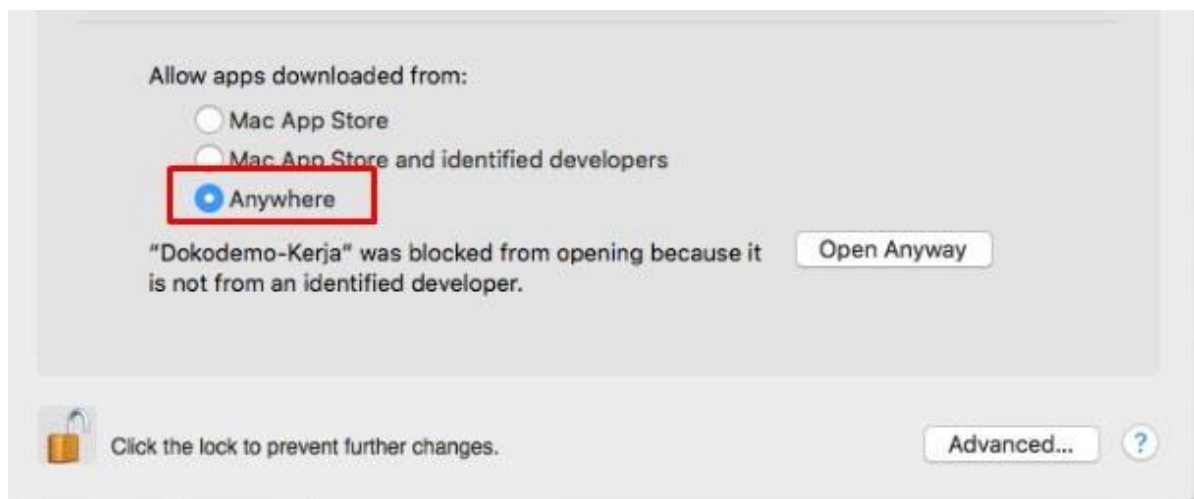

Figure 2.3.5

- Select “Allow from Anywhere” (See Figure 2.3.6)

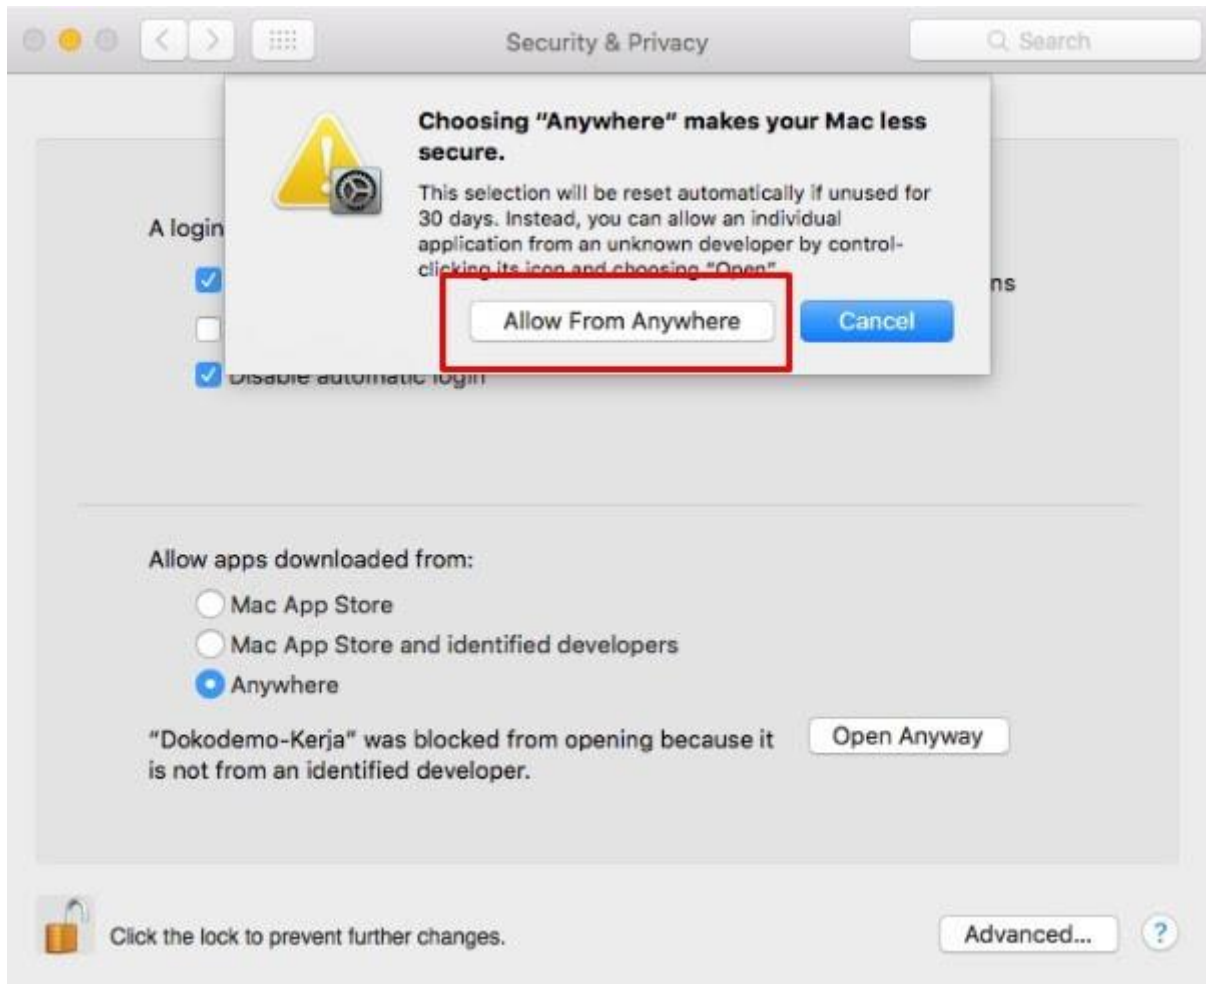

Figure 2.3.6

4. Setting Application Permissions

In order for the Dokodemo-Kerja screenshot feature to function, you need to set app permissions through the following steps:

- Go to System Preferences > Security and Privacy > Select the Privacy tab > Click Screen Recording.
- Click the padlock button on the lower left side > enter the Mac password, then add the Dokodemo-Kerja application. (See Figure 2.4.0)

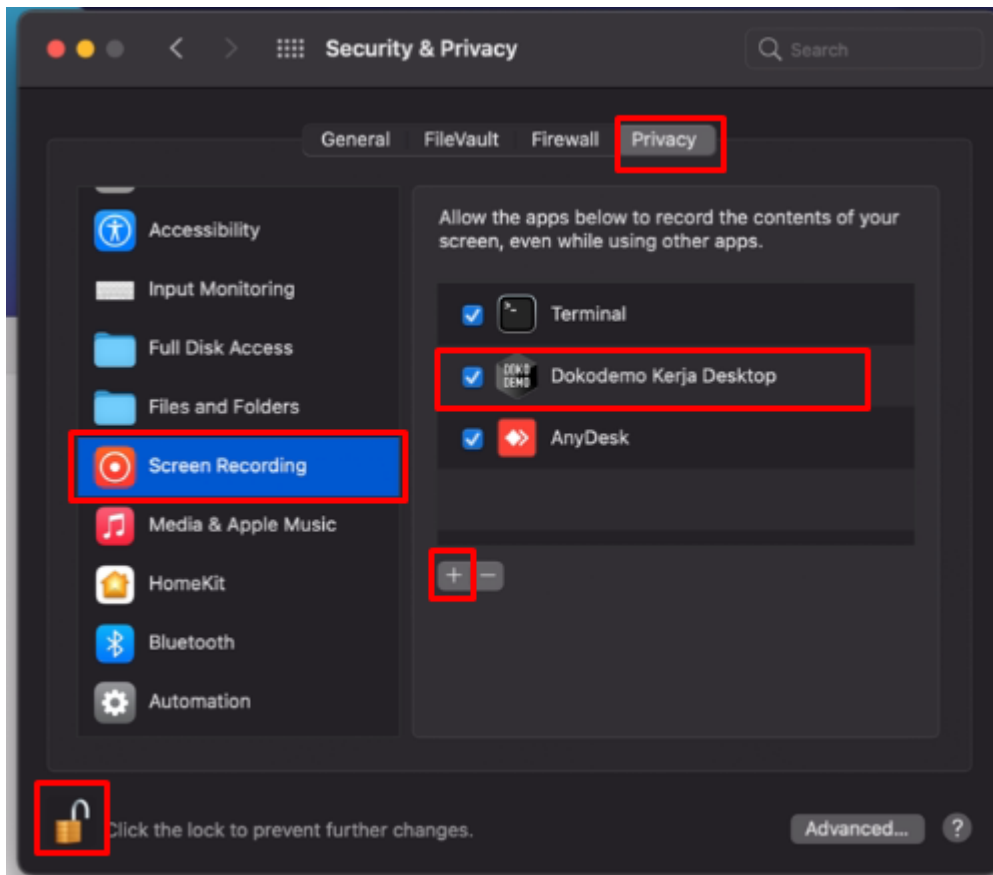

Figure 2.4.0

5. Run the Dokodemo-Kerja Application

When running “Dokodemo-Kerja.app” a pop-up notification will appear (See Figure 2.5); select “Open.”

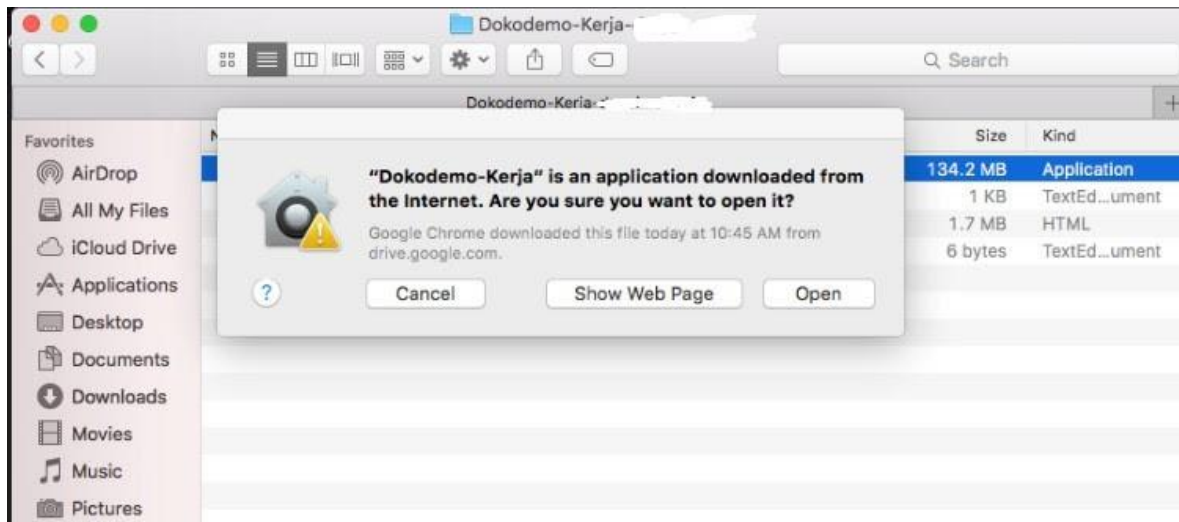

Figure 2.5

6. Appearance & Features of the MacOS Dokodemo-Kerja App Before Login

After running the “Dokodemo-Kerja.app” a MacOS desktop application will appear. (See Figure 2.6)

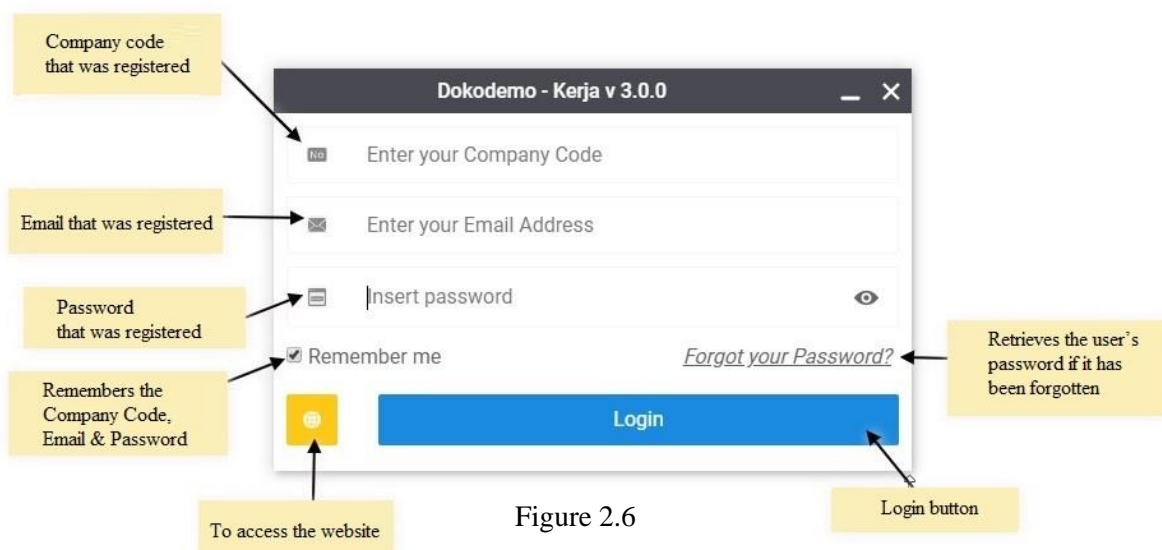

Figure 2.6

7. Appearance & Features of the MacOS Dokodemo-Kerja App After Login

After successfully logging in using the company code, email and password previously registered, the application will appear as shown below. (See Figure 2.7.0)

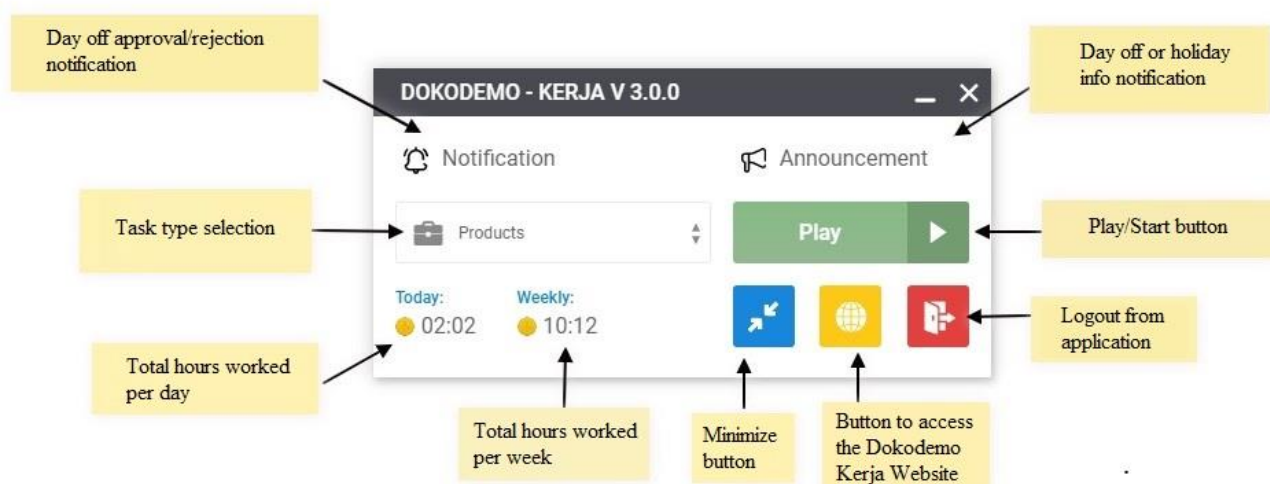

Figure 2.7.0

The image below is how the app will look when the user presses the minimize button. (View Figure 2.7.1 and Figure 2.7.2)

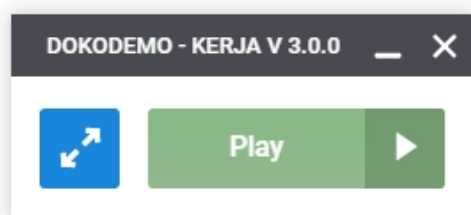

Figure 2.7.1

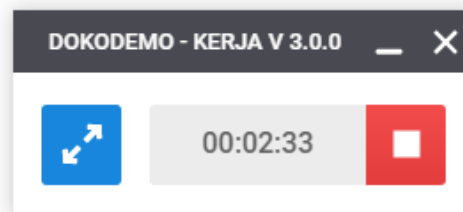

Figure 2.7.2

C. Linux

1. Downloading the Dokodemo-Kerja for Linux

To download Dokodemo-Kerja, please access the Dokodemo-Kerja domain page that has been provided for your company. Next, select the download option for Linux from the Dokodemo-Kerja website. (See Figure 3.1)

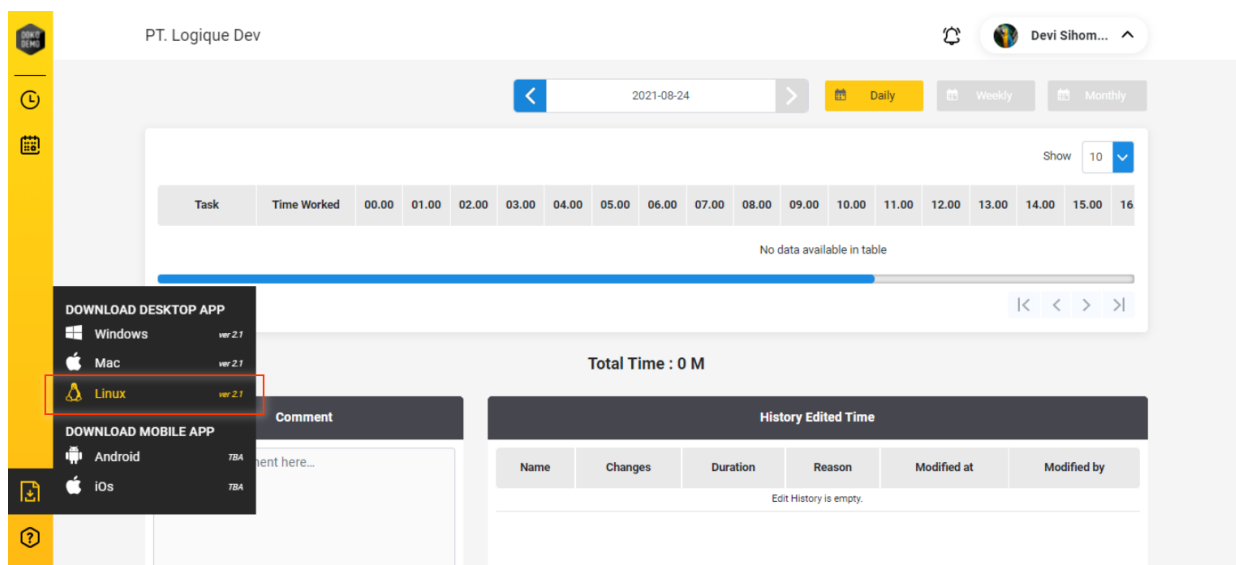

Figure 3.1
