4. Display and Features of Dokodemo-Kerja for Windows before Logging In

After opening “Dokodemo-Kerja.exe,” the application’s display will appear as shown below. (See Figure 1.4)

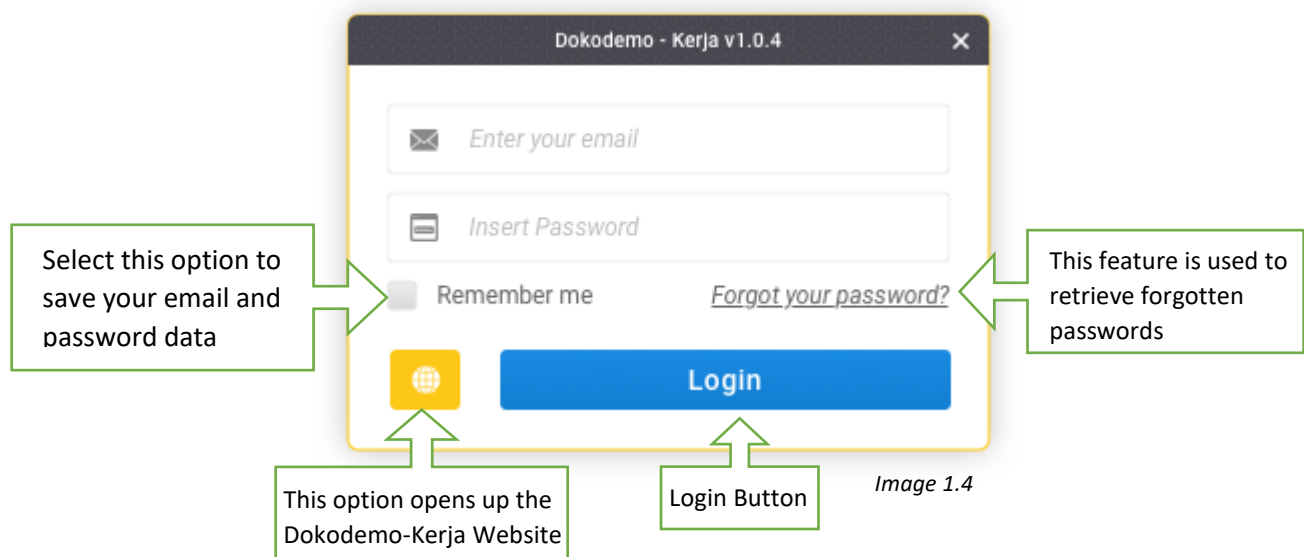

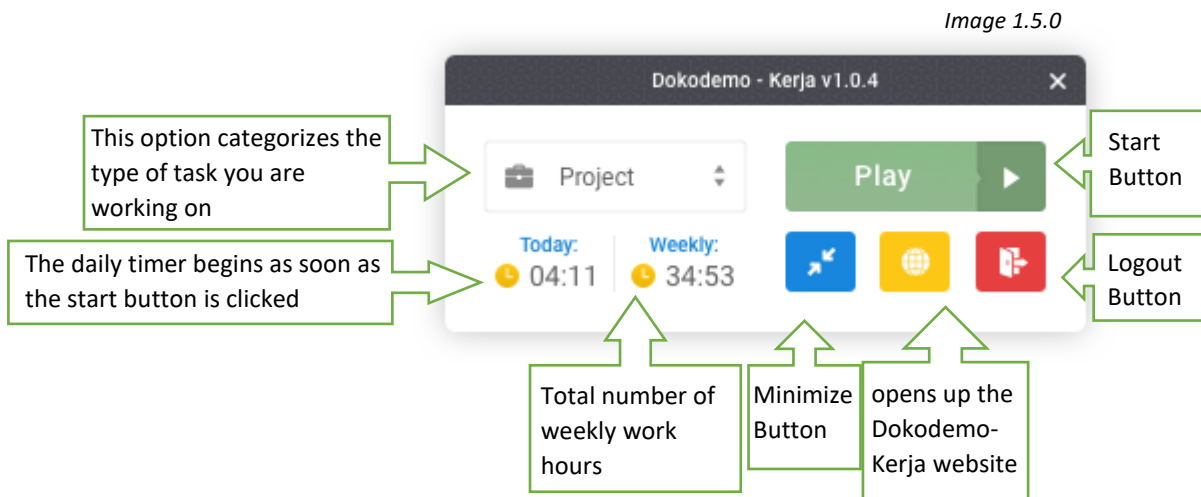

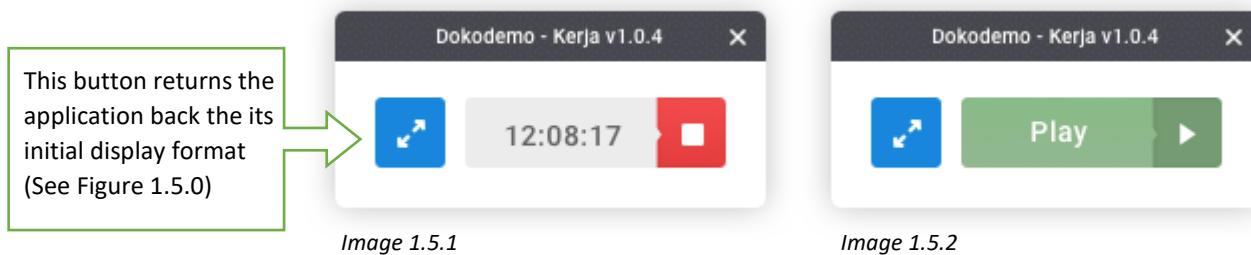

Image 1.4

5. Display and Features of Dokodemo-Kerja for Windows after Logging In

After successfully logging in using the email and password you previously registered with, the application's display as show below will appear. (See Figure 1.5.0)

Upon selecting the Minimize Button option, the Application will switch into a more compact version of itself, as shown in the images below (See Figure 1.5.1 and Figure 1.5.2).

B. MacOS

1. Download Dokodemo-Kerja for MacOS

Download the application by selecting the download option for MacOS from the Dokodemo-Kerja Website. (See Figure 2.1)

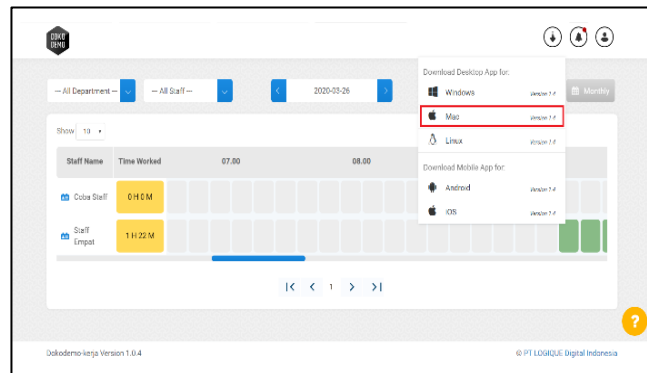

Image 2.1

2. Open the Downloaded File

After the download is complete, extract the file. (See Figure 2.2)

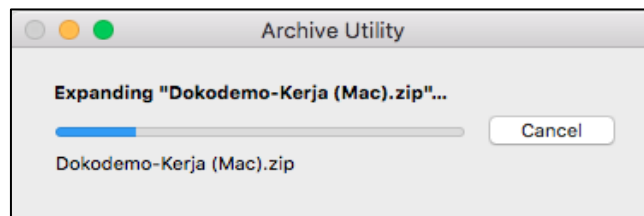

Image 2.2

3. Security Settings (If needed)

MacOS generally does not allow its users to install applications that come from outside Apple's App Store. Therefore, when installing Dokodemo-Kerja, the following pop-up will appear (See Figure 2.3.0).

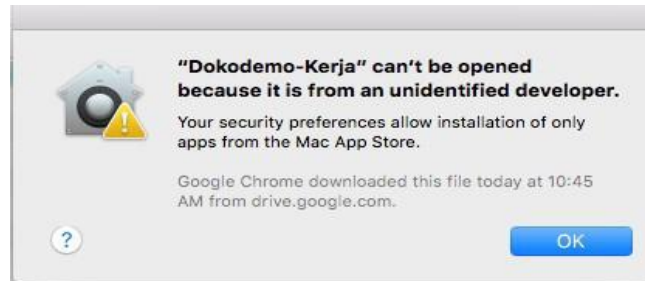

Image 2.3.0

To install Dokodemo-Kerja on your MacOS, you need to adjust your security settings by following these steps:

> Open "System Preferences" (See Figure 2.3.1)

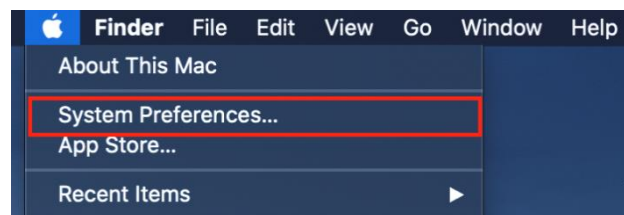

Image 2.3.1

> Select "Security and Privacy" (See Figure 2.3.2)

Image 2.3.2

> Click on the “General” Tab. (See Figure 2.3.3)

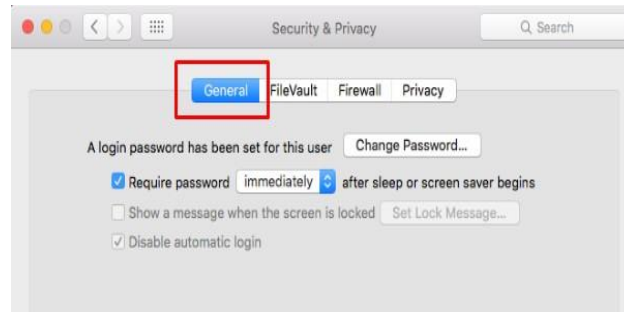

Image 2.3.3

> If the computer is password protected, input the password before making changes. (See figure 2.3.4)

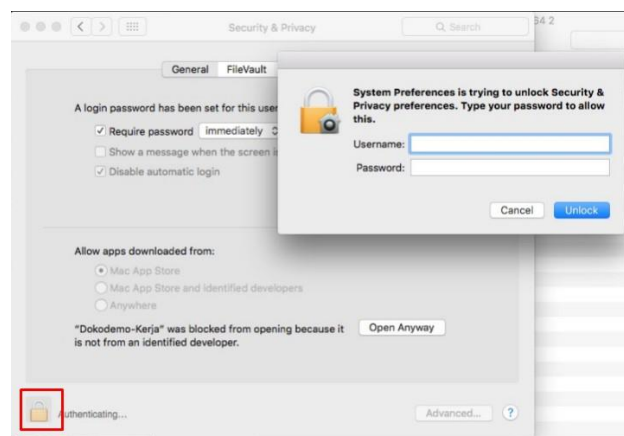

Image 2.3.4

> Select “Anywhere” from the “Allow downloaded apps from” (See Figure 2.3.5)

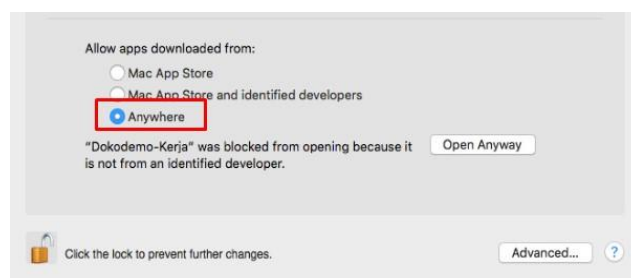

Image 2.3.5

> Select “Allow from Anywhere” (See Figure 2.3.6)

Image 2.3.6

4. Run the Dokodemo-Kerja

When running “Dokodemo-Kerja.exe” a pop-up notification will appear. (See Figure 2.4)

From this notification, select “Open”.

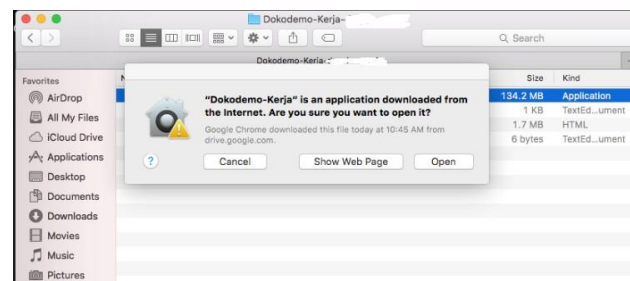

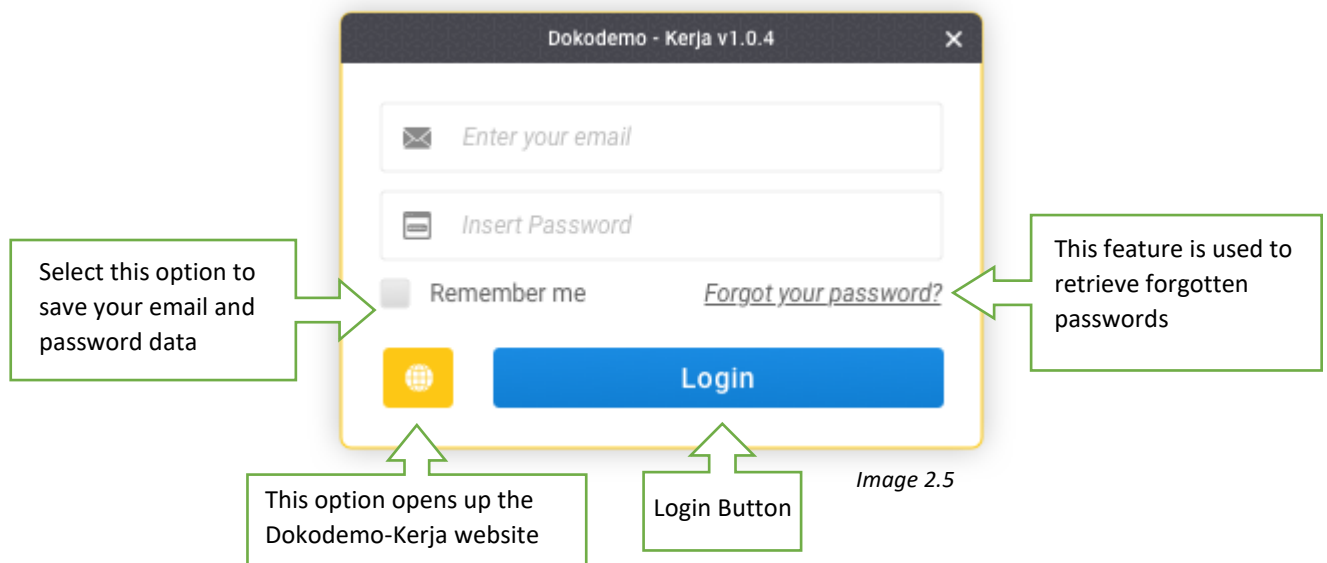

Image 2.4

5. Display and Features of Dokodemo-Kerja for MacOS before Logging In

After Running the “Dokodemo-Kerja.exe” the desktop application for MacOS will appear. (See Figure 2.5)

6. Display and Features of Dokodemo-Kerja for MacOS After Logging In

After successfully logging in using the email and password you previously registered with, the application's display as shown below will appear. (See figure 2.6.0)

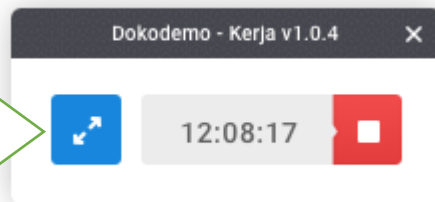

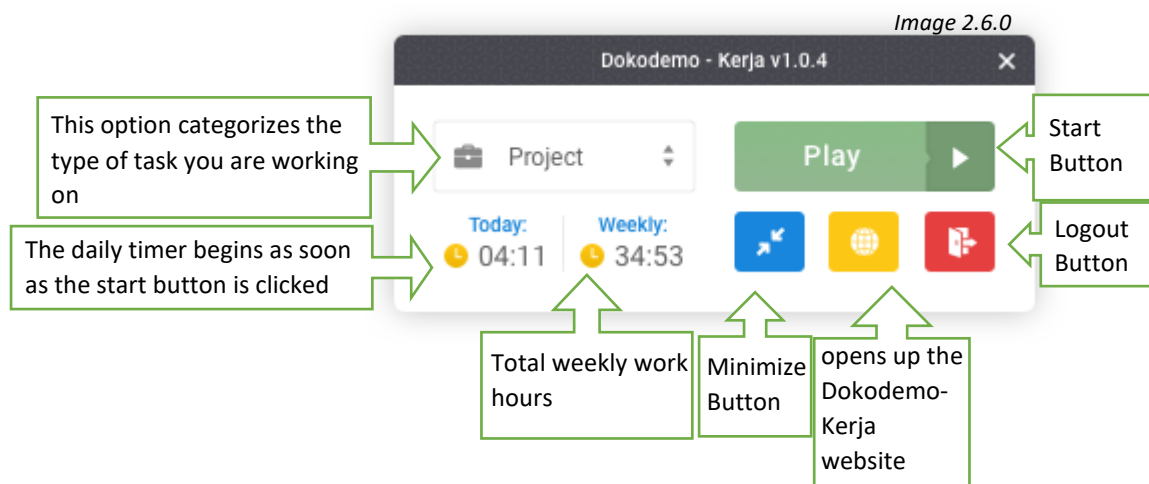

Image 2.6.1

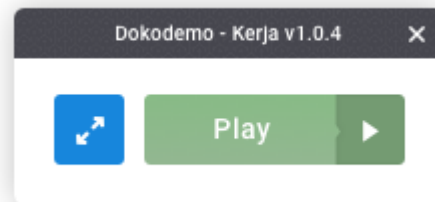

Image 2.6.2

This button returns the app back to its initial display format (See Figure 2.6.0)

C. Linux

1. Download Dokodemo-Kerja for Linux

Download the application by selecting the Download option for Linux from the Dokodemo-Kerja Website. (See Figure 3.1)

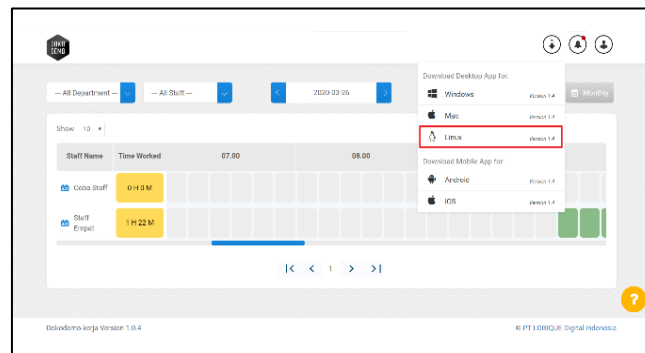

Image 3.1

2. Extract the Download File

After the download is complete, extract the file. (See Figure 3.2)

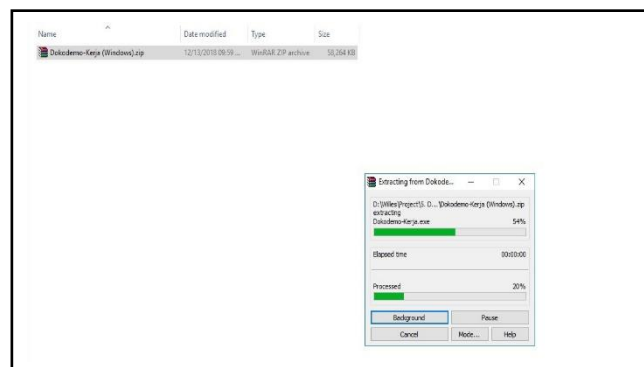

Image 3.2

3. Run the Dokodemo-Kerja App

After extracting the file, open the file and run “Dokodemo-Kerja.exe” (See Figure 3.3)

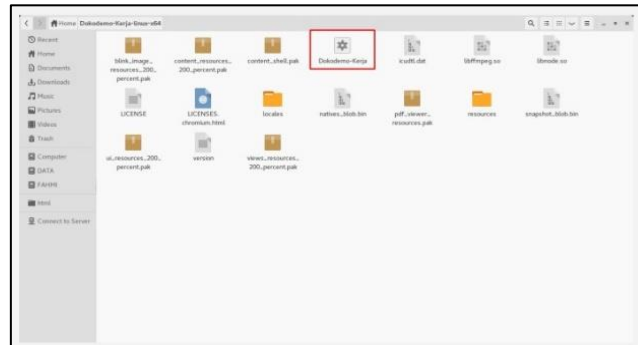

Image 3.3

4. Display and Features of Dokodemo-Kerja for Linux before Logging In

After Running “Dokodemo-Kerja.exe”, the application’s display will appear as shown below. (See Figure 3.4)

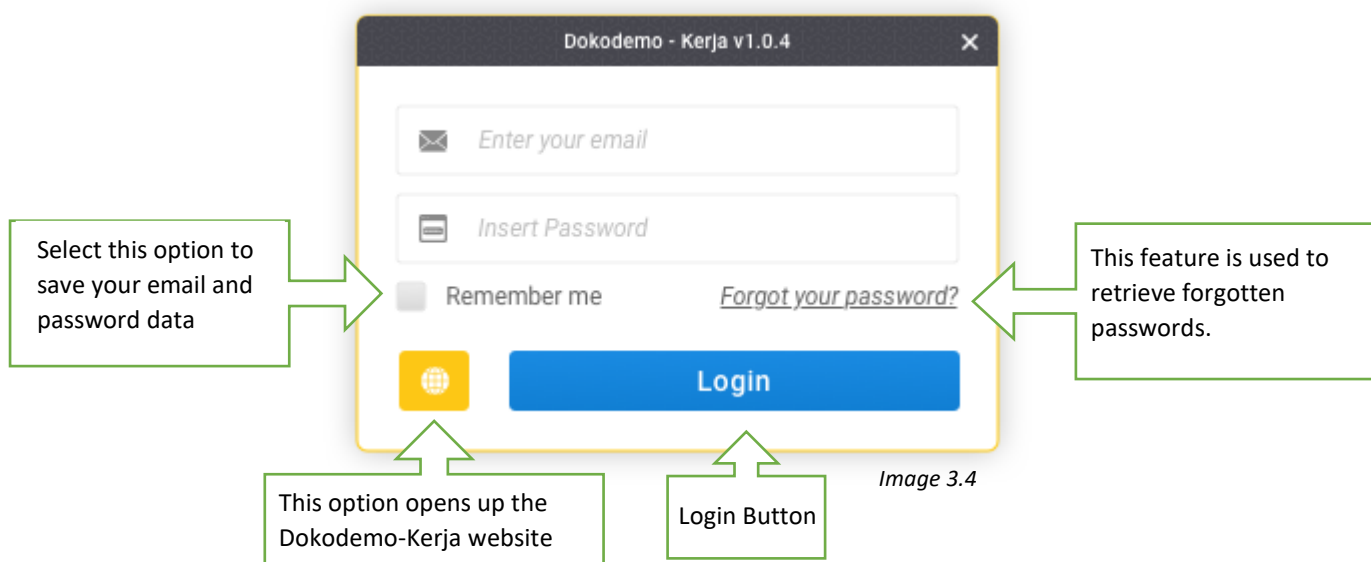

Image 3.4

5. Display and Features of Dokodemo-Kerja for Linux after Logging In

After successfully logging in using the email and password you previously registered with, the application's display as shown below will appear. (See figure 3.5.0)
