A. Pengantar

Dokodemo-Kerja is a professional work system created for independent and flexible workers, who wants to work productivity. This system is the best solution for the company to be able to know the performance of all its employees in detail.

By using this technology, companies can implement remote work systems for their employees anytime and anywhere. Employees are freed from the boredom and tight working atmosphere in the office.

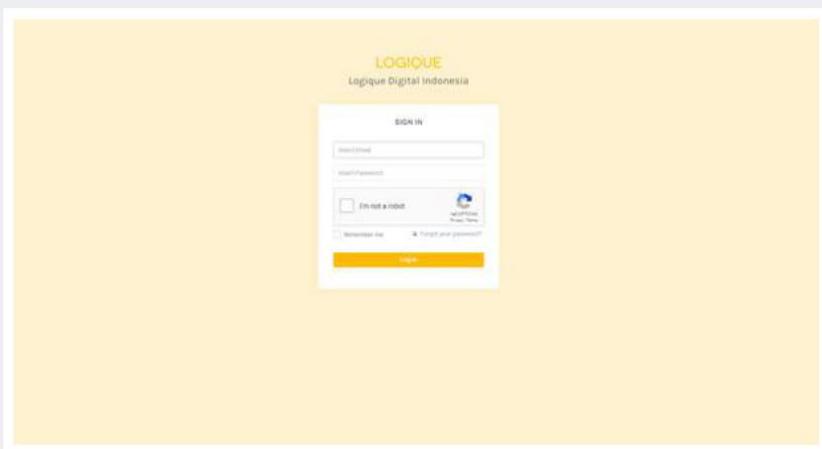

In addition to monitoring remote employees, you can also use Dokodemo-Kerja to monitor employee productivity in the office. Other than work monitoring, Dokodemo-Kerja can also be used by HR and Managers to validate employee performance.

B. Login Page

In the login page, there are several features: Login, Remember Me, and Forgot Password

1. Login

To login, input a verified email and password, then check the captcha box (See Picture 1.1.0)

Picture 1.1.0

2. Remember me

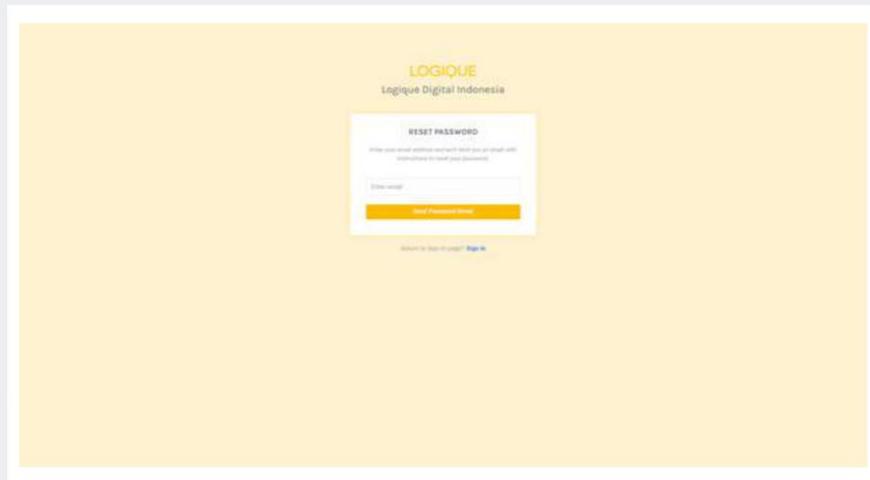

Activate the Remember Me feature to save your email and password.

3. Forgot your password

This feature is used to recover forgotten password.

How to get the password:

- Click “Forgot your password?” in the login page (see picture 1.3.0)
- Input email address
- Reset password link will be sent to the user’s email

Picture 1.3.0

C. Homepage – Admin

This is the admin main page of Dokodemo-Kerja. Data can be filtered: by staff, filter by department, filter by date, weekly, monthly, edit time tracking, note, paging, data show (See Picture 3.0)

C.1 Filter by Staff Name

This feature filters by name

C.2 Filter by Department

This feature filters by department

C.3 Filter by Date

This feature filters by date

C.4 Weekly

This Page shows employee's work hour during a one week / 7 days period

C.5 Monthly

This Page shows employee's work hour during a one month period

C.6 Edit Time Tracking

This feature changes / edits initial time that has been saved in the time tracking menu

C.7 Note

This feature is to display notes made by staff in the time tracking menu

C.8 Paging

This feature is to switch to a different page

C.9 Data Show

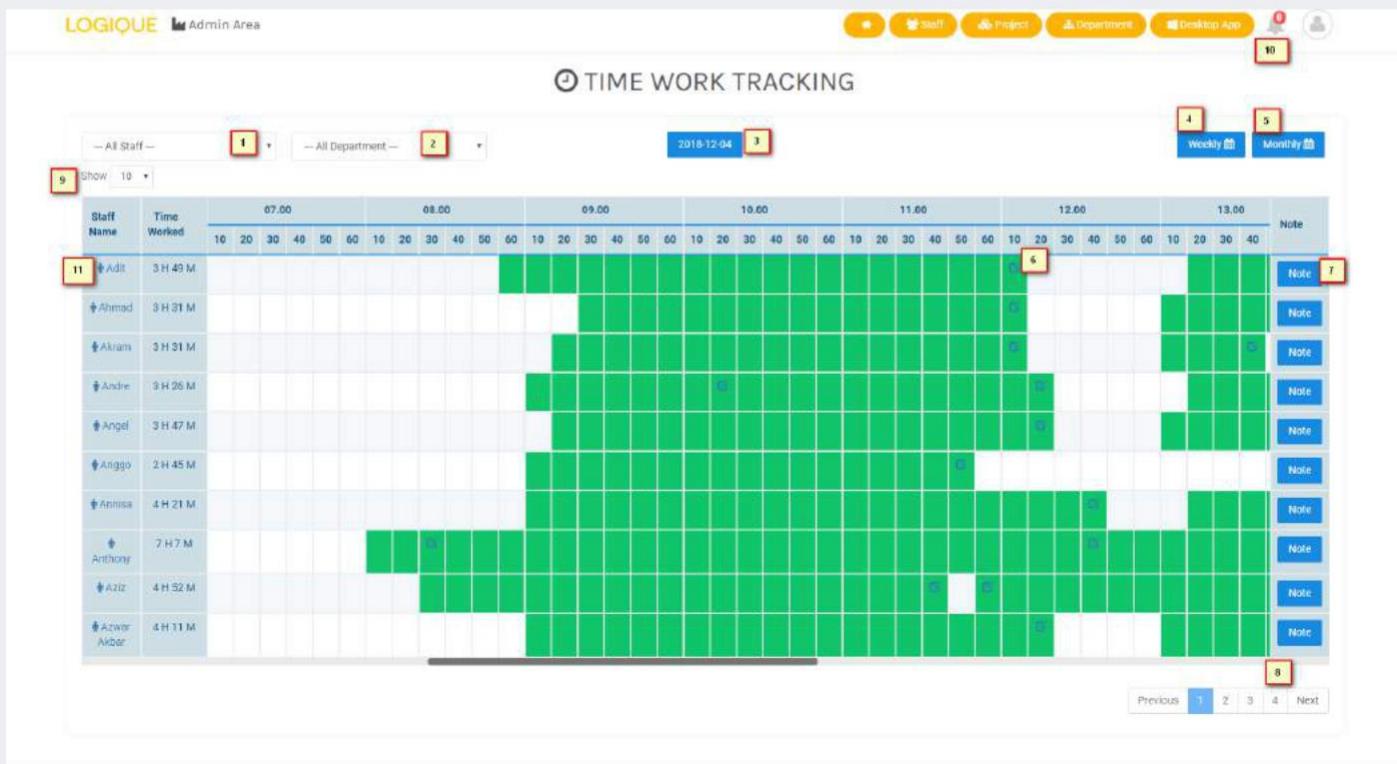

This feature is a dropdown that shows how many data is shown in 1 page

C.10 Notification

This feature is to display incoming notifications

C.11 Staff Detail

This Feature is to display staff's time tracking and screenshot details

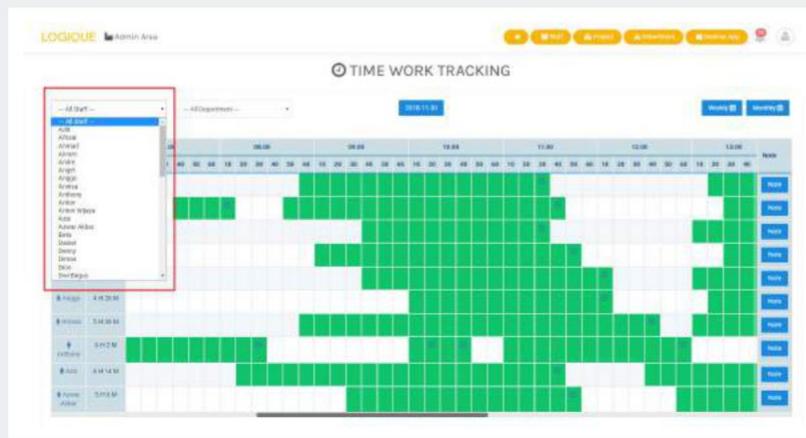

Picture 3.0

C.1 Filter by Staff Name

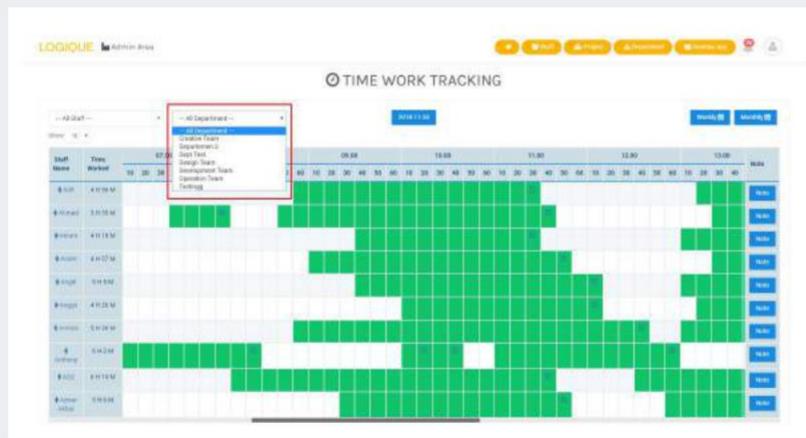

This feature filters by staff's name. Admins can filter employee's work hour based on employee's name. After clicking on a name, the website will show the work hour detail of the chosen employee. (See Picture 3.1)

Picture 3.1

C.2 Filter by Department

This feature filters by department. Admins can filter work hour based on department using this feature. After choosing a department name, the website will show the work hours of all the staff working under the chosen department. (See Picture 3.2)

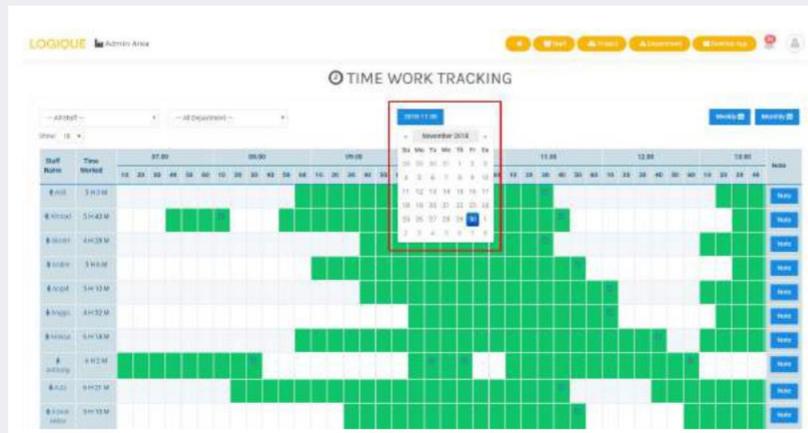

Picture 3.2

C.3 Filter by Date

Admin can filter work hour based on the date. After picking a date, the website will show the work hour of all employees based on the chosen date.

Picture 3.3

C.4 Weekly

This Page shows employee's work hour during a one week / 7 days period. This page shows admins the result of weekly time tracking. This page consists of staff's name, time worked, and the date in a one-week period.

(See Picture 3.4)

- Staff Name: Column filled with the names of staffs who had activated dokodemo-kerja
- Time Worked: Total work hours for 1 week
- Tanggal: Displays the total work hours of individual days in the course of 1 week

- : Switches to the week before
- : Switches to the week after

The screenshot shows a weekly work time tracking interface. At the top, there's a header with the Logique logo and 'Admin Area'. Below it is a title 'TRACKING WORK TIME FOR A WEEK'. The main area is a grid where each row represents a staff member and each column represents a day from 26-11-2018 to 02-12-2018. Yellow squares in the grid indicate worked hours. A legend at the bottom left shows icons for male, female, and other staff types. Navigation buttons for 'First', 'Previous', 'Next', and 'Last' are at the top right, along with a date range selector.

Picture 3.4

C.5 Monthly

This page shows employee's work hour for 1 month. With this feature, admins can see employee's monthly time tracking / work hour. This page consists of staff's name, time worked, and the date during a 1 month period. (See Picture 3.5)

- Staff Name: Column filled with the names of staffs who had activated dokodemo-kerja
- Time Worked: Total work hours for 1 month
- Tanggal: Displays the total work hours of individual days in the course of 1 month
- : Switches to the previous month
- : Switches to the next month

The screenshot shows a monthly work time tracking interface. At the top, there's a header with the Logique logo and 'Admin Area'. Below it is a title 'TRACKING WORK TIME FOR A MONTH'. The main area is a grid where each row represents a staff member and each column represents a day from 1-21 of November 2018. Yellow squares in the grid indicate worked hours. A legend at the bottom left shows icons for male, female, and other staff types. Navigation buttons for 'First', 'Previous', 'Next', and 'Last' are at the top right, along with a date range selector.

Picture 3.5

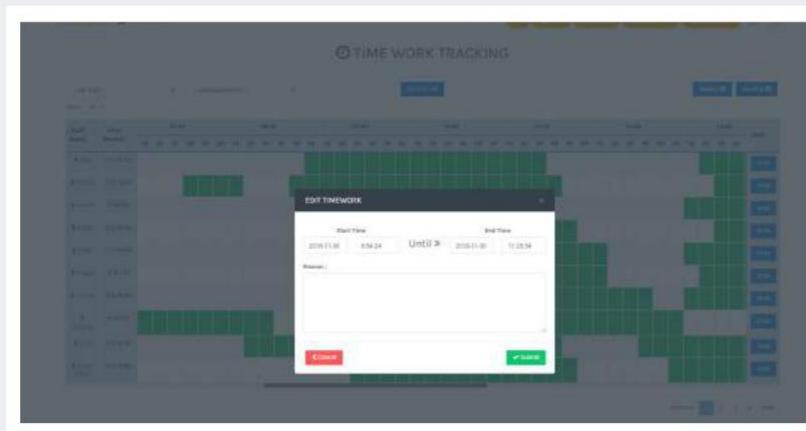

C.6 Edit time tracking

This feature changes / edits initial time that has been saved in the time tracking menu. There are 3 components to this menu: start time, end time, and reason

(See Picture 3.6)

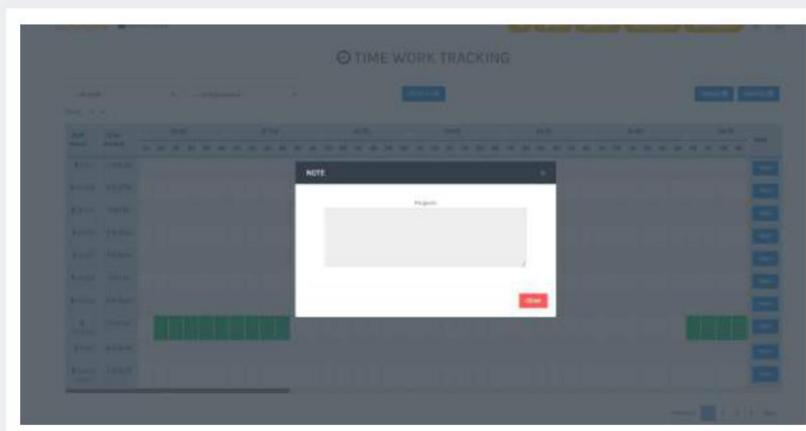

- Start time: The time when dokodemo-kerja program is started
- End time: The time when dokodemo-kerja program is stopped
- Reason: A required field to fill in the reason for editing the initial time

Picture 3.6

C.7 Note

This feature is to display notes made by staff in the time tracking menu. Upon clicking, admin can see the notes inputted by staff. (See Picture 3.7)

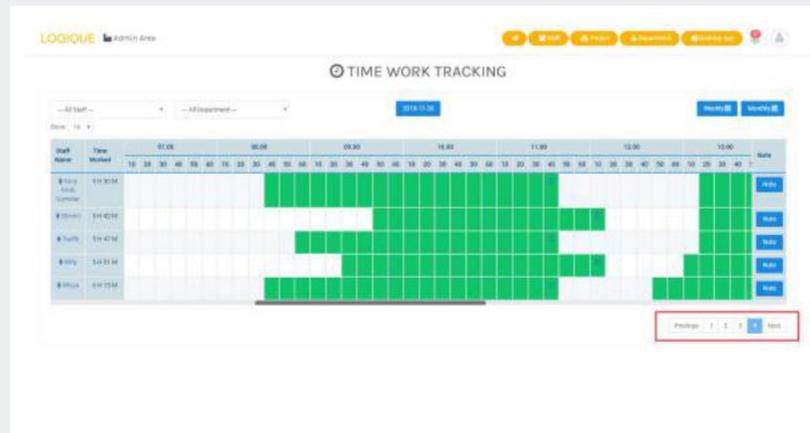

Picture 3.7

C.8 Paging

This feature is used to switch to a different page. When clicked, system will display the chosen page. (See Picture 3.8)

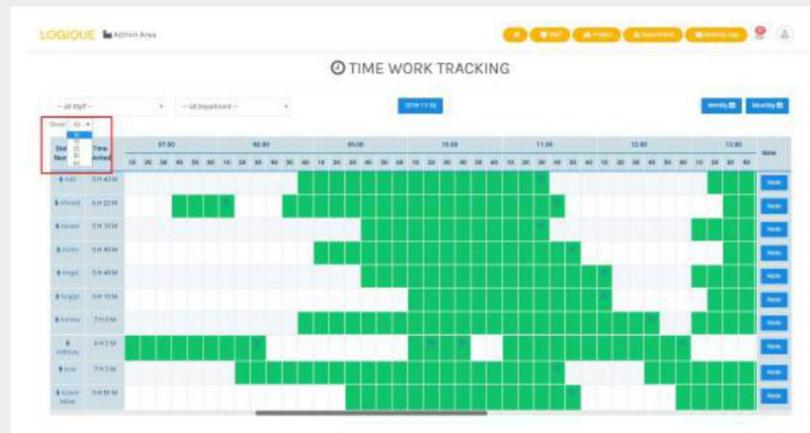

Picture 3.8

C.9 Data Show

This feature is a dropdown that shows how many data is shown in 1 page. Admin can choose to show 10, 15, 25, 50, or all employee data at once.

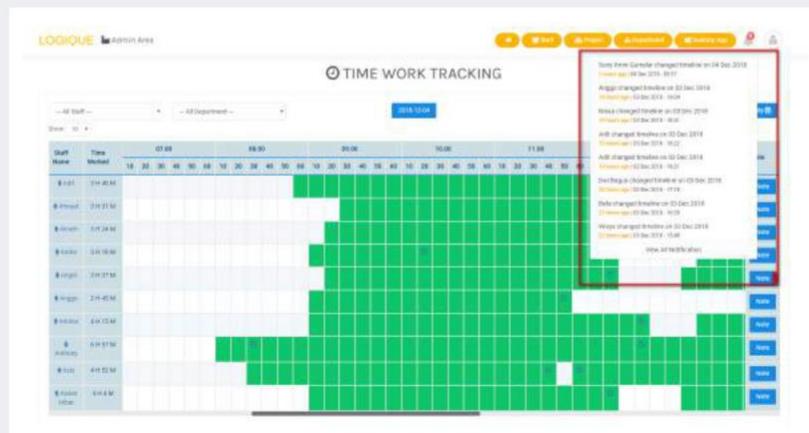

(See Picture 3.9)

Picture 3.9

C.10 Notification

This feature is to display incoming notifications.
(See Picture 3.10)

Picture 3.10

C.11 Staff Detail

This Feature is to display staff's time tracking and screenshot details. In this page, admin can see employee's total work hour, give comments, see occasional screenshot results (including the timestamp), and view the time editing history, if any.

A screenshot of the Logique Admin Area interface. At the top, it says "LOGIQUE Admin Area". Below that, it says "STEVEN | Quality Assurance". The main title is "TRACKING TIME WORK". It shows a timeline from 07:00 to 13:00 with a green bar indicating work hours. Below the timeline is a comment section and a grid of 24 screenshots showing various software interfaces.

Picture 3.11

D. Staff

The Staff Page contains information about the staffs listed in dokodemo-kerja. In this page, admins can Add Staff, Filter, and Switch Pages. The columns consist of Name, Supervisor, Department, Email, Status, and Action. (See Picture 4.0)

- Add Staff: Feature to add new staff data
- Name: Name of registered staffs
- Supervisor: The name of the staff's superior
- Department: Contains the staff's department
- Email: Contains the staff's registered dokodemo-kerja email
- Status: Displays staff's status information, whether it is active or inactive
- Action: Contains
 - **Edit buttons** to Change Staff Data
 - **Status button** to Change Staff Status
 - **Password reset** button to Change User Password
 - **Delete** button to Delete Registered Staff
- Filter by: Search feature to find the word you are looking for
- Paging: A feature to switch between pages

The screenshot shows a web-based application titled "STAFF MANAGEMENT". At the top, there are navigation links for Admin Area, Staff, Project, Department, and Dokodemo Page. Below the title, there is a search bar labeled "Filter by:" and a "Previous" button.

| No. | Name | Supervisor | Department | Email | Status | Action |
|-----|---------|------------|------------------|-----------------------|---|--------|
| 1 | Adit | — | Design Team | adit@logique.co.id | Active | |
| 2 | Ahzal | — | Development Team | ahzal@logique.co.id | Active | |
| 3 | Ahmed | — | Operational Team | ahmed@logique.co.id | Active | |
| 4 | Akbar | — | Operation Team | akbar@logique.co.id | Active | |
| 5 | Anche | — | Development Team | anche@logique.co.id | Active | |
| 6 | Anggi | — | Design Team | anggi@logique.co.id | Active | |
| 7 | Anggi | — | Design Team | anggi@logique.co.id | Active | |
| 8 | Arifina | — | Operational Team | arifina@logique.co.id | Active | |
| 9 | Anthony | — | Development Team | anthony@logique.co.id | Active | |
| 10 | Artem | — | | artem@logique.co.id | Active | |

At the bottom right, there is a "Next" button and a page navigation bar with numbers 1, 2, 3, 4, 5, 6.

Picture 4.0

D.1 Add Staff

This feature is used to add dokodemo-kerja staff. There are 5 fields to input: email field, full name, access level, department, and supervisor.

(See Picture 4.1)

A screenshot of a web-based application titled 'STAFF MANAGEMENT'. A modal window titled 'Add Staff' is open in the center. It contains five input fields: 'Email *' (with placeholder 'Enter Email'), 'Full Name *' (with placeholder 'Enter Full Name'), 'Access Level' (a dropdown menu with placeholder 'Choose Access Level'), 'Department' (a dropdown menu with placeholder 'Choose Department'), and 'Supervisor' (a dropdown menu with placeholder 'Choose Supervisor'). At the bottom of the modal are two buttons: a red 'Close' button and a green 'Save' button. In the background, there is a table with columns 'Name', 'Email', and 'Status' showing a list of existing staff members. To the right of the table, there is a grid of colored circles representing different roles or departments.

Picture 4.1

D.2 Edit Staff

This feature is used to change staff information. There are 5 fields which can be edited: email, full name, access level, department, and supervisor. (See Picture 4.2)

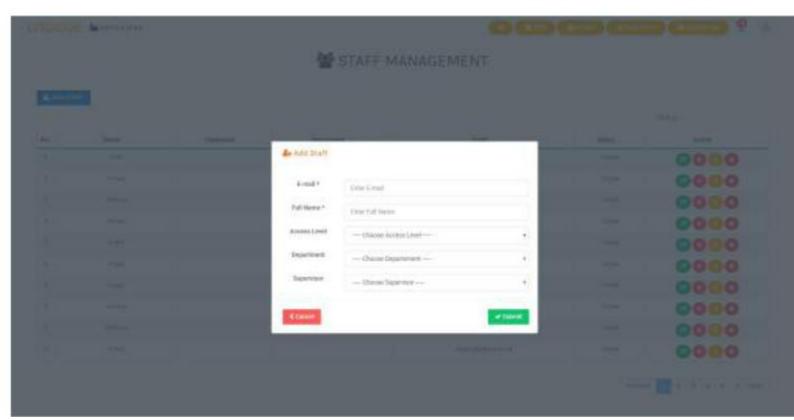

A screenshot of the same 'STAFF MANAGEMENT' application. A modal window titled 'Edit Staff' is open, showing the same five edit fields as the 'Add Staff' modal: 'Email *' (with value 'admin@geek.co.id'), 'Full Name' (with value 'Adit'), 'Access Level' (set to 'Super Admin'), 'Department' (set to 'Design Team'), and 'Supervisor' (set to 'Designer'). The 'Save' button at the bottom is highlighted in green. The background and sidebar are identical to Picture 4.1.

Picture 4.2

D.3 Change Status

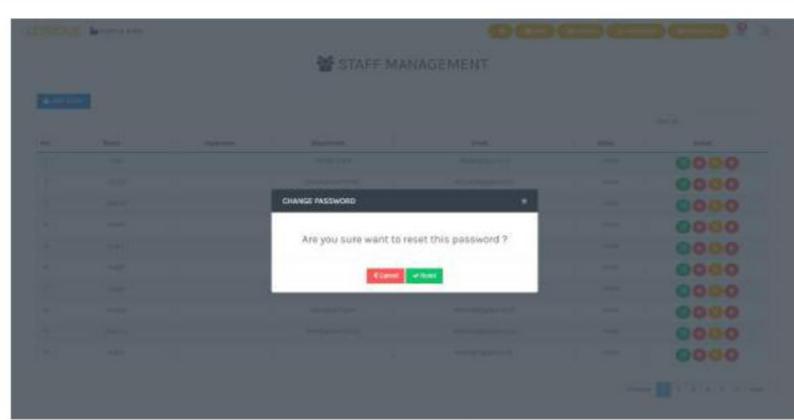

This feature changes the staff's status to active or inactive (See Picture 4.3)

Picture 4.3

D.4 Reset Password

This feature changes the staff's password. The new Password will be sent to the staff's email. (See Picture 4.4)

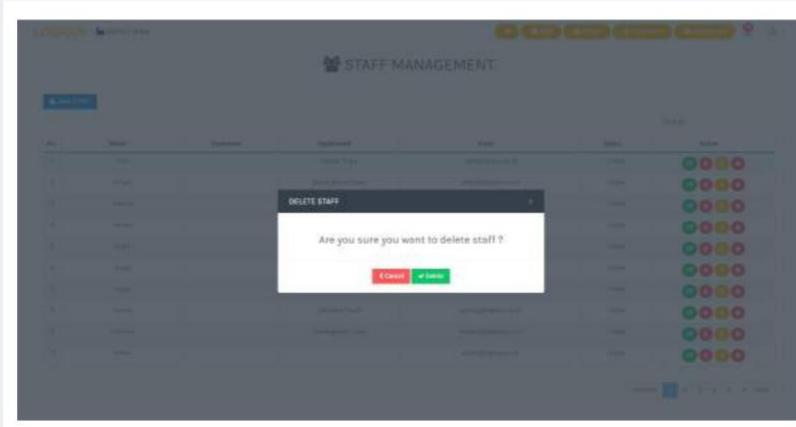

Picture 4.4

D.5 Delete Staff

This feature removes registered staff. Click delete to remove registered staff.

(See Picture 4.5)

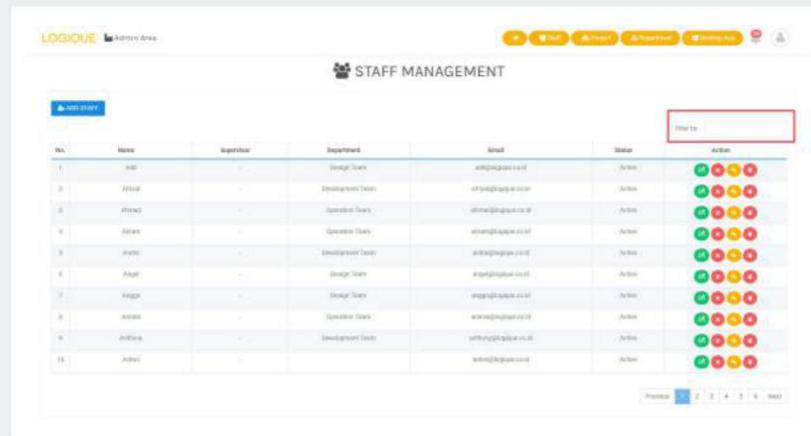

Picture 4.5

D.6 Filter By or Search Data

This filter will look for the words typed in the staff page.

(See Picture 4.6)

Picture 4.6

D.7 Paging

Use this feature to switch between pages.

(See Picture 4.6)

The screenshot shows a table titled "STAFF MANAGEMENT" under the "LOGIQUE Admin Area". The table has columns: No., Name, Supervisor, Department, Email, Status, and Action. There are 13 rows of data. The "Action" column contains a grid of colored buttons (green, red, yellow, blue) for each staff member. The "Status" column shows "Not Active" for most entries. The "Email" column lists various domain addresses.

| No. | Name | Supervisor | Department | Email | Status | Action | | | |
|-----|---------|------------|------------------|-----------------------|------------|--------|--|--|--|
| 1. | Jaff | - | Project Manager | admin@logique.co.id | Not Active | | | | |
| 2. | Afriq | - | Development Team | afriq@logique.co.id | Not Active | | | | |
| 3. | Zainal | - | Operations Team | zainal@logique.co.id | Not Active | | | | |
| 4. | Alfiyah | - | Operations Team | alfiyah@logique.co.id | Not Active | | | | |
| 5. | Aldina | - | Development Team | aldina@logique.co.id | Not Active | | | | |
| 6. | Anggi | - | Project Manager | anggi@logique.co.id | Not Active | | | | |
| 7. | Angga | - | Project Manager | angga@logique.co.id | Not Active | | | | |
| 8. | Amelia | - | Operations Team | amelia@logique.co.id | Not Active | | | | |
| 9. | Anthony | - | Development Team | anthony@logique.co.id | Not Active | | | | |
| 10. | Adina | - | - | adina@logique.co.id | Not Active | | | | |

Picture 4.7

E. Project

The project page consists of the available project information on dokodemo-kerja. There are 7 columns in the project page: Project Name, Client Name, Team Members, Start Date, End Date, Status, and Action. (See Picture 5.0)

- Project name: Contains the name of registered projects
- Client Name: Contains the name of the project's client
- Team Member: Contains the name of the team members who are assigned to a certain project
- Start Date: Contains the date on which the project starts
- End Date: Contains the date on which the project is complete
- Status: Contains the status of the project, whether it is in progress, pending, or done
- Action: Contains
 - **Edit button** to edit a registered project
 - **Delete button** to delete a registered project
 - **Status button** to change the status of the project

Picture 5.6

F. Department

Department page is filled with information regarding the registered departments. In this page, there are several features: Add New Department, filter by, and paging. Additionally, there is a Name and Action column. (See Picture 6.0)

- Add New Department: This Feature adds a new department in the department management section.
- Filter by: This feature filters words
- Paging: This feature switches between pages
- Name: This column consists of department names
- Action: This column consists of
 - **Edit** button to change registered department data
 - **Delete** button to remove registered department data

The screenshot shows the 'DEPARTMENT MANAGEMENT' section of a web application. At the top left is the 'LOGIQUE Admin Area' logo. Below it are navigation tabs: Staff, Project, Department, Desktop App, and a user icon. A red box labeled '1' highlights the 'ADD DEPARTMENT' button. To its right, a red box labeled '2' points to a row of icons for each department entry. A red box labeled '3' points to a specific icon in the second row. A red box labeled '4' points to a 'Filter by:' input field. A red box labeled '5' points to the page navigation buttons 'Previous', '1', and 'Next'.

| No. | Name | Action |
|-----|------------------|--------|
| 1 | Creative Team | |
| 2 | Department 2 | |
| 3 | Dept Test | |

Picture 6.0

F.1 Add Department

This feature adds a new department into dokodemo-kerja. A department name is required to add a new department. (See Picture 6.1)

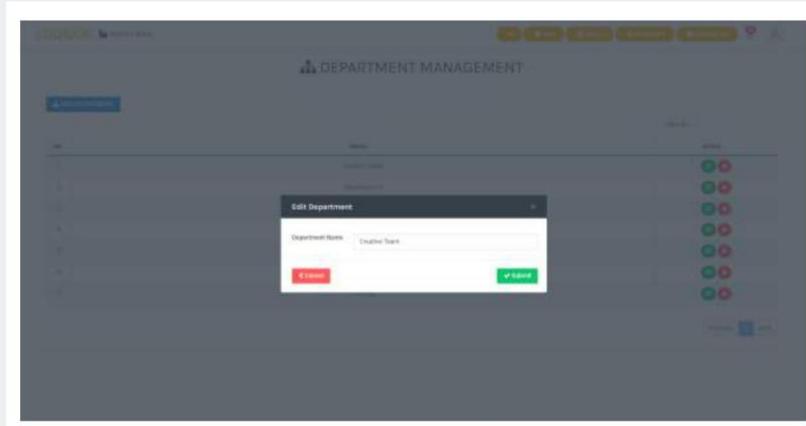

The screenshot shows a 'Add Department' modal dialog box overlaid on the main 'DEPARTMENT MANAGEMENT' page. The modal has fields for 'Department Name*' and 'Enter Department Name...', with 'Save' and 'Cancel' buttons. The background page shows a list of departments with their names and edit/delete icons.

Picture 6.1

F.2 Edit Department

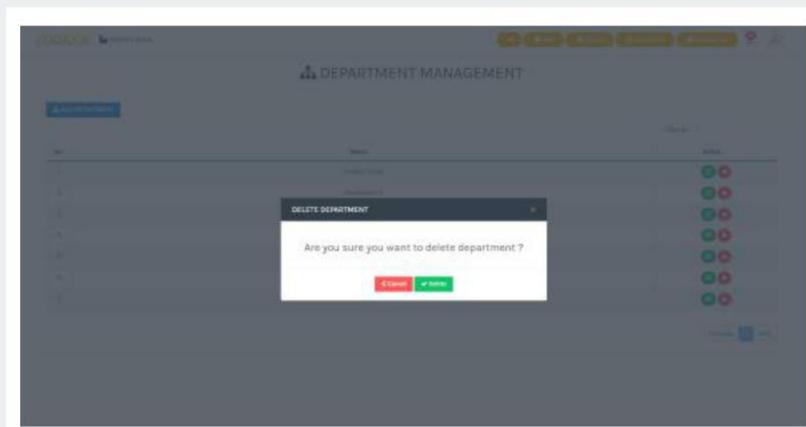

This feature can edit registered departments data.
(See Picture 6.2)

Picture 6.2

F.3 Delete Department

This feature deletes registered department. Click Delete to remove registered departments. (See Picture 6.3)

Picture 6.3

F.4 Filter By or Search Data

This filter will look for the words typed into the search field. (See Picture 6.4)

A screenshot of a web-based application titled "LOGIQUE Admin Area". The main title is "DEPARTMENT MANAGEMENT". Below it is a table with columns for "No.", "Name", and "Action". The "Action" column contains two small circular icons: one green with a white dot and one red with a white dot. A search bar labeled "Filter by:" is positioned above the table. The table rows are numbered 1 through 7 and list various department names. Row 1: Creative Team. Row 2: Department S. Row 3: Design Team. Row 4: Development Team. Row 5: Operations Team. Row 6: Testing. Row 7: UX/UI. At the bottom right of the table area, there are "Previous" and "Next" navigation buttons.

Picture 6.4

F.5 Paging

This feature is used to switch to the next page or to any desired pages. (See Picture 6.5)

A screenshot of the same "LOGIQUE Admin Area" application. The "DEPARTMENT MANAGEMENT" section is visible. The table has the same structure and data as Picture 6.4. The search bar "Filter by:" is present. At the bottom right of the table area, there are "Previous" and "Next" buttons, and below them are "Page 1" and "Last" buttons. The "Page 1" button is highlighted with a red border.

Picture 6.5

G. Desktop App

This page consists of the link / URL to download dokodemo desktop apps. Dokodemo app is available in 3 platforms; linux, mac, and windows. Choose the appropriate version and click on the download button. (See Picture 7.0)

A screenshot of a web application interface titled "LOGIQUE Admin Area". At the top, there are several navigation buttons: "Staff", "Project", "Department", "Desktop App", and a user profile icon. The main content area is titled "DESKTOP APPS" and contains three download links for different operating systems: "FOR LINUX" (Download), "FOR MAC" (Download), and "FOR WINDOWS" (Download). The background of the page is yellow.

Picture 7.0

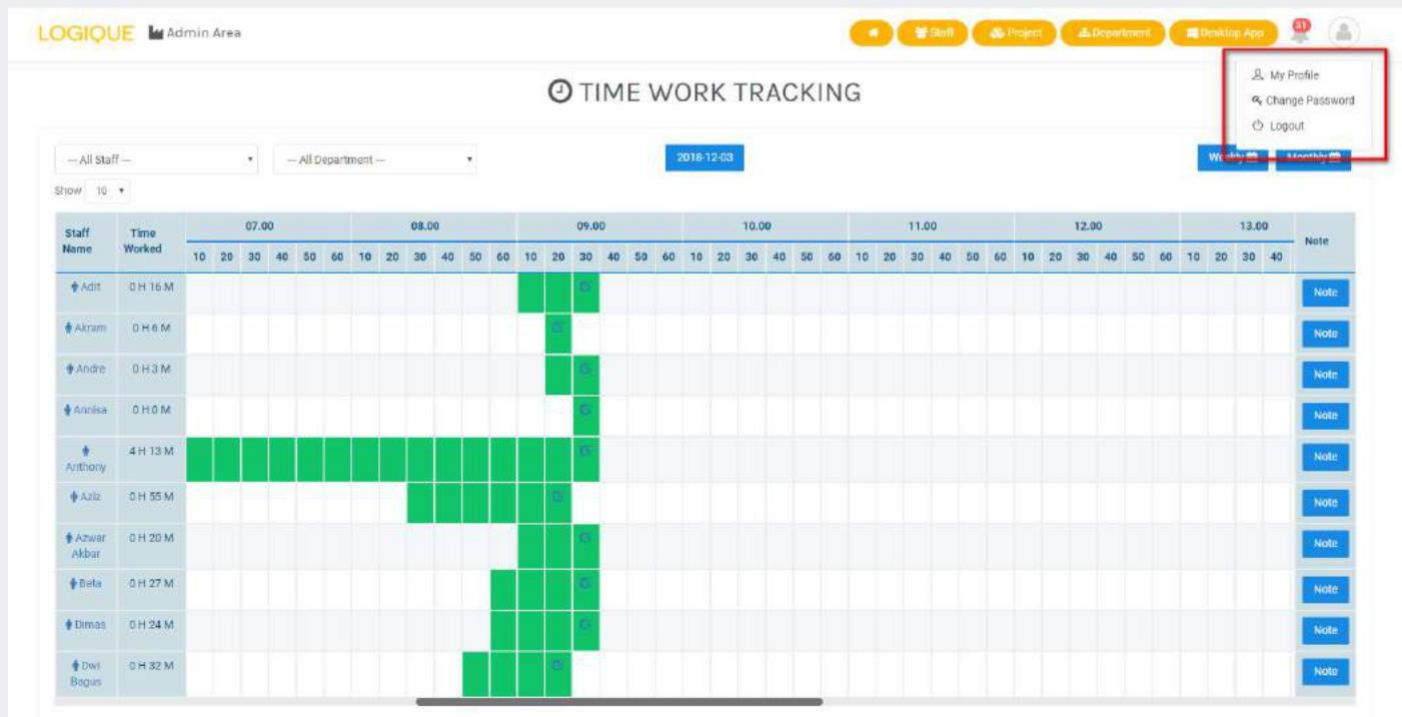

H. Profile

This symbol is a menu that is located at the top right of the website. This menu consists of 3 sections; My profile, Change Password, and Logout.

(See Picture 8.0)

- My profile: This page displays the user's profile
- Change Password: This page is used to change a user's password
- Logout: This feature is used to exit dokodemo-kerja website

This feature is used to exit dokodemo-kerja website.
Click the logout button to exit.
(See Picture 8.3)

Picture 8.3

I. Homepage – Staff

This is dokodemo-kerja staff's main page. In this page, staff can see screenshots taken by dokodemo. There is a table consisting of 4 columns in this page; Project, Time Worked, Hours column, and Note

- Project: Staff can see the name of project that they have been working on
- Time Worked: Staff can see the work hour of the projects that have been working on
- Hours Column: Staff can see the hour and minute detail in
- Note: This column consists of Note buttons to input their notes, if any

This page also consists of several features; My Project, Dekstop App, Notification, My Profile, filter by date / week / month, add note, paging, comment, dan edit time history. (See Picture 9.0)

1. Filter by Date

This feature allows staff to see time tracking results from previous dates. Choose a date from the dropdown, and the website will display the time tracking if the chosen date.

2. Weekly

This feature allows staff to see the weekly time tracking result.

3. Monthly

This feature allows staff to see the monthly time tracking result.

4. Add Note

This feature allows staff to input not which can be read by the admins.

5. Comment

This feature allows staff to input their comments.
